

Outreach Focus Group

TOP TBI: *Timing of venous thromboembolism
Prophylaxis for Traumatic Brain Injury*

A research team is investigating the timing of venous thromboembolism events (VTE) for TBI

- Are you over 16 years of age
- Are you keen to help others understand injury and recovery?

Join us for a discussion of outcomes after injury on 24th February via Zoom and receive a £25 gift voucher for your time.

To get involved and have your say, register your interest at involve@brainmic.org whereby further details and log-in instructions will be provided.

**Virtual Session:
24th February 2022
at 14.30am**
